2. SHARE OPTION SCHEME

The Existing Share Option Scheme was approved by the Shareholders at the annual general meeting of the Company held on 19 June 2012. The Existing Share Option Scheme has been valid and effective for a period of 10 years from the date of adoption on 19 June 2012 and shall expire in June 2022 accordingly. As at the Latest Practicable Date, there were 191,000,000 outstanding share options under the Existing Share Option Scheme that were granted but yet to be exercised. Such 191,000,000 outstanding share options under the Existing Share Option Scheme shall continue to be valid and exercisable after adoption of the Share Option Scheme.

The Board proposes to recommend to the Shareholders to approve and adopt the Share Option Scheme so that Options may be granted to the Eligible Participants pursuant to the terms thereof. A summary of the principal terms of the Share Option Scheme is set out in Appendix I to this circular.

The Share Option Scheme shall take effect subject to and is conditional upon:

- (i) the passing of an ordinary resolution by the Shareholders at a general meeting to approve and adopt the rules of the Share Option Scheme;
- (ii) the approval from the State-owned Assets Supervision and Administration Commission of People's Government of Beijing Municipality; and
- (iii) the Listing Committee of the Stock Exchange granting approval to the listing of and permission to deal in such number of Shares to be issued by the Company pursuant to the exercise of Options which may be granted under the Share Option Scheme.

No Director is a trustee of the Share Option Scheme or has a direct or indirect interest in the trustee of the Share Option Scheme, if any.

LETTER FROM THE BOARD

The purpose of the Share Option Scheme is to attract, retain and motivate the Company's outstanding talents, establish a long-term incentive mechanism closely linked to the Company's performance and long-term strategy, and closely link the Company's management and core employees with the interests of the Company and its shareholders, thereby further enhancing the Company's value.

Based on 22,427,948,432 Shares in issue as at the Latest Practicable Date and assuming that there is no change in the issued share capital of the Company from the Latest Practicable Date to the date of the SGM, the maximum number of Shares that may be issued upon the exercise of the options that may be granted under the Share Option Scheme is 2,242,794,843 Shares (the "**Scheme Limit**"), being 10% of the issued share capital of the Company as at the date of the adoption of the Share Option Scheme. Subject to the conditions to the Share Option Scheme being satisfied, the Board will have the right to grant to the Eligible Participants options to subscribe for shares in the Company up to the Scheme Limit unless approval from the Shareholders in general meeting has been obtained to renew the Scheme Limit such that the total number of the Shares in respect of which options may be granted by the Board under the Share Option Scheme and any other share option schemes of the Company in issue shall not exceed 10% of the total number of the Shares in issue as at the date of approval of the refreshed limit.

Notwithstanding any other provisions of the Share Option Scheme, the maximum number of Shares which may be issued upon the exercise of all outstanding options granted and yet to be exercised under the Share Option Scheme and any other share option schemes of the Company shall not exceed 30% of the total number of Shares in issue from time to time.

As at the Latest Practicable Date, no Options under the Share Option Scheme have been granted and thus the Company considers that it would not be appropriate to disclose in this circular the value of the Options that may be granted under the proposed Share Option Scheme as if they have been granted as at the Latest Practicable Date, as various determining factors for the calculation of such value cannot be reasonably ascertained at this stage. It would not be meaningful and may even be misleading to Shareholders if the value of the Options is calculated based on a set of speculative assumptions. However, the Company will disclose the value of any Options granted under the Share Option Scheme during a financial year or a particular period in its annual report and interim report.

The Shares are listed on the main board of the Stock Exchange. The Company will apply to the Stock Exchange for the listing of, and permission to trade in, the Shares that may be allotted and issued upon the exercise of the Options under the Share Option Scheme.

LETTER FROM THE BOARD

3. SECOND SUPPLEMENTAL AGREEMENT TO FINANCE LEASE BUSINESS FRAMEWORK AGREEMENT

References are made to the announcements of the Company dated 15 May 2020, 5 August 2020 and 15 September 2020 and the circular dated 28 August 2020 (the “**Previous Circular**”) in relation to, among others, the Finance Lease Business Framework Agreement.

Finance Lease Business Framework Agreement

Principal terms of the Finance Lease Business Framework Agreement are summarised as follows:

Date:	15 May 2020 (after trading hours) (as supplemented by the first supplemental agreement dated 5 August 2020)
Parties:	(i) the Company (ii) Shenzhen Jingneng Leasing
Scope of direct lease services:	Pursuant to the Finance Lease Business Framework Agreement, Shenzhen Jingneng Leasing and/or its associates will provide direct leasing services to the Group. It is anticipated that assets which would be subject to finance leases contemplated under the Finance Lease Business Framework Agreement include power generation equipment for renewable energy.

Upon the requests or instructions of the Group, Shenzhen Jingneng Leasing and/or its associates will provide finance lease solutions to the Group for the purchase of equipment, and will make the payment to the designated suppliers in accordance with the conditions set by the Group and charge the Group lease rental for the equipment according to the schedule. Since the initial purchase of equipment with supplier, the Group is responsible for the overall acceptability and bears the related risk and rewards on the conditions of the underlying assets. During the lease period, the Group has full control of the equipment and is responsible for the overall condition of the underlying assets, including bearing all costs and responsibility for repair and maintenance. Shenzhen Jingneng Leasing will not interfere with the Group’s use of the equipment. Furthermore, the Group can make improvements or additions to the equipment at its own expense at any time without reducing the value, function and remaining useful life of the leased asset or any additional parts of it. All lease rental will be settled by the Group in cash. Upon maturity of such direct leasing pursuant to the prescribed repayment schedule or early repayment, the Group will be entitled to purchase the assets at a nominal consideration.

LETTER FROM THE BOARD

Annual caps: The annual cap is calculated with reference to the lease consideration, which includes charges being the principal amount, lease interests and handling fees. The lease consideration will be determined by the Group and Shenzhen Jingneng Leasing and/or its associates after arm's length negotiations and with reference to the market price of the same type of finance lease assets.

The proposed annual caps for the Finance Lease Business Framework Agreement with Shenzhen Jingneng Leasing are RMB500 million for each of the three years ending 31 December 2022.

The Supplemental Agreement

In light of the business needs of the Company, the Company entered into the Supplemental Agreement with Shenzhen Jingneng Leasing on 9 March 2022 (after trading hours) to adjust the annual cap of the transactions contemplated under the Finance Lease Business Framework Agreement for the year ending 31 December 2022.

Pursuant to the Supplemental Agreement, the annual cap for the transactions contemplated under the Finance Lease Business Framework Agreement for the year ending 31 December 2022 will be increased to RMB3,000 million.

Save for the above amendments, all other terms and conditions of the Finance Lease Business Framework Agreement remain unchanged. For the principal terms and details of the Finance Lease Business Framework Agreement, please refer to the Previous Circular.

The Supplemental Agreement shall become effective upon being approved at the general meeting of the Company, and will expire on 31 December 2022.

Financial effects of the Finance Lease Business Framework Agreement and the Supplemental Agreement

Consistent with the historical accounting treatment of its previous transactions that were of the same nature, the Company will not recognize the arrangements under the Finance Lease Business Framework Agreement and the Supplemental Agreement as rights-of-use asset pursuant to HKFRS 16.

Direct leasing under the Finance Lease Business Framework Agreement is in substance a financing arrangement rather than a lease transaction under "HKFRS 16 Leases". Payment would be made directly by Shenzhen Jingneng Leasing to the supplier designated by the Group for the purchase of equipment. The Group is responsible for the overall acceptability of the underlying assets and bears the related risk and rewards on the conditions of the underlying assets since the initial purchase of equipment with supplier. Charges in connection with direct leasing by Shenzhen Jingneng Leasing is in substance the principal and interests for such financing activity. Upon maturity of such direct leasing pursuant to the prescribed repayment schedule or early repayment, the Group will be entitled to purchase the assets at a nominal consideration. The Group is able to

LETTER FROM THE BOARD

control the equipment throughout their entire economic life. Accordingly, the Group will recognize, at the time of the transfer of such equipment from the supplier initially, the asset as an addition to property, plant and equipment (construction-in-progress), applying “HKAS 16 Property, plant and equipment” while the liability as a loan from leasing company applying “HKFRS 9 Financial instruments”.

Historical Transaction Amounts and Proposed Revised Cap

Since the Finance Lease Business Framework Agreement was a new transaction between the Company and Shenzhen Jingneng Leasing, there is no historical transaction information before the year of 2020. The table below sets out the historical transaction amounts of the transactions under the Finance Lease Business Framework Agreement for the two years ended 31 December 2021 and for the two months ended 28 February 2022, the Existing Caps for each of the three years ending 31 December 2022 and the Proposed Revised Cap for the year ending 31 December 2022:

Historical Transaction Amounts	Nil ⁽¹⁾	62	20 ⁽²⁾
Existing Caps	500	500	500

Notes:

1. 2. The figure represents the historical transaction amount for the two months ended 28 February 2022 and is not audited.

LETTER FROM THE BOARD

Basis for the Proposed Revised Cap and reasons for and benefits of entering into the Supplemental Agreement

The Proposed Revised Cap, which includes principal amount, lease interests and handling fees, will be determined by the Group and Shenzhen Jingneng Leasing and/or its associates after arm's length negotiations and with reference to the market price of the same type of finance lease assets.

The Proposed Revised Cap is determined after taking into account, among other things,

(i) the scale of the upcoming power generation projects in construction

As at the date of this circular, the Company expects that in 2022 there will be around 28 power generation projects in construction, most of which are photovoltaic power generation projects, involving direct lease arrangements with a total installed capacity of approximately 2,018MW, of which 11 projects have already started construction.

(ii) historical financial requirements of power generation projects

The power generation business is a capital-intensive business and further business development and expansion of the Group requires a lot of capital. Historically, the financing requirements of the Group for power generation projects in relation to direct leasing arrangements entered in 2021 amounted to approximately RMB2.8 million per MW.

(iii) the maximum transaction amounts proposed by Shenzhen Jingneng Leasing

Shenzhen Jingneng Leasing has proposed to the Company the maximum transaction amounts under the Finance Lease Business Framework Agreement of RMB3,000 million for the year ending 31 December 2022, which taking into account, to the best knowledge of the Directors, Shenzhen Jingneng Leasing's yearly business plan.

As for the remaining requirements for direct leasing in 2022, the Company will enter into direct leasing arrangement with independent third parties in order to maintain a diversified channel of service providers in respect of direct leasing.

As at 31 December 2021, there are 104 power plants beneficially owned by the Group with an aggregate installed capacity of approximately 4,168.02MW comparing with 55 power plants and an aggregate installed capacity of approximately 2,070.40MW as at 31 December 2020. The proposed revision of the annual cap and the entering into the Supplemental Agreement will facilitate the Group's growing capital needs in associate with the rapid development of the Group. The entering into the Supplemental Agreement will continue to enable the Company to control financing risk and financing cost in its course of investing in new projects and satisfy the Company's demand of funds for purchasing power generation equipment in the early phase construction of the project in a timely manner.

LETTER FROM THE BOARD

Having considered the above, the Directors (including the independent non-executive Directors) are of the view that the Supplemental Agreement and Proposed Revised Cap have been negotiated on arm's length basis and (i) is entered into in the ordinary and usual course of business of the Group; (ii) on normal commercial terms or better; and (iii) on terms that are fair and reasonable and in the interests of the Company and Shareholders as a whole.

In view of the reasons and benefits discussed above, the Board is not aware of any disadvantages to the Company on the transactions contemplated under the Supplemental Agreement.

As Mr. Zhang Ping (the Chairman of Board and executive Director), Mr. Sui Xiaofeng (the former non-executive Director) and Mr. Zhao Bing (the non-executive Director) were the senior management of BEH, they had abstained from voting on the Board resolutions approving the Supplemental Agreement and the transactions contemplated thereunder. Save and except for the aforesaid, none of the then Directors has any material interest in the Supplemental Agreement and was required to abstain from voting on the Board resolutions in relation to the Supplemental Agreement.

Internal control measures

To safeguard the interests of the Shareholders as a whole, including the minority Shareholders, the Company has adopted internal approval and monitoring procedures relating to the transactions contemplated under the Finance Lease Business Framework Agreement and the Supplemental Agreement, which include the following:

Comparison of with independent quotations

The Finance Department is responsible for collecting and monitoring the information under the Finance Lease Business Framework Agreement and the Supplemental Agreement. Prior to entering into individual leasing contracts under the Finance Lease Business Framework Agreement and the Supplemental Agreement, the Finance Department will compare the major terms and financing costs associated with such arrangements to the major terms provided and financing costs charged by at least two independent third parties which provide finance leasing of a similar scale and nature in the PRC. It is intended that the Group will be sourcing such quotes from independent third parties whose operational scale and financial position are at least comparable to those of Shenzhen Jingneng Leasing having a track record of at least one year in providing similar direct leasing services. Officers handling the relevant matters shall submit a report to the head of the Finance Department and the chief financial officer of the Group for approval, which is subject to the preliminary and final review by them based on the relevant rules and regulations.

LETTER FROM THE BOARD

Pricing terms and mechanism

The Finance Department and other relevant operation departments of the Group are jointly responsible for conducting reviews on compliance with relevant laws, regulations, the Group's internal policies and the Listing Rules in respect of both continuing connected transactions and connected transactions. They are also jointly responsible for evaluating the transaction terms under each underlying agreement of the Finance Lease Business Framework Agreement and the Supplemental Agreement, in particular, the fairness and reasonableness of the pricing terms under each agreement.

Ongoing monitoring of terms and annual caps

Independent non-executive Directors have also reviewed and will continue to review the terms of the Finance Lease Business Framework Agreement and the Supplemental Agreement and the transactions contemplated thereunder to ensure that the agreements are entered into on normal commercial terms and in the interests of the Company and its Shareholders as a whole.

The Finance Department will monitor the direct leasing transactions under the Finance Lease Business Framework Agreement and the Supplemental Agreement on a regular basis. In particular, the Finance Department will be in close contact with the Group's business teams responsible for direct leasing so that the Finance Department will be able to reasonably anticipate the expected transaction amount in advance. With the benefit of time and communication, the Finance Department will monitor and assess whether the annual cap is expected to be exceeded based on proposed transactions to be entered into, and where necessary, elevate such issue to the Board with proposed revised annual cap and such other relevant information so that the Board will be in a position to consider and, where applicable, comply with applicable Listing Rules in connection with such revised annual caps.

Independent non-executive Directors and auditors of the Company will conduct annual review of the transactions under the Finance Lease Business Framework Agreement and the Supplemental Agreement (including the rates and fees charged in respect of the transactions) and provide annual confirmations in accordance with the Listing Rules that the transactions are conducted in accordance with the terms of the agreements and the Group's pricing policy measures, and to confirm if the price and terms offered are fair and reasonable and comparable to those offered by unrelated third parties.

Information on the parties

The Company is a company incorporated in Bermuda with limited liability and is an investment holding company operating its business through its subsidiaries. The Group is principally engaged in the development, investment, operation and management of power plants and other renewable energy projects.

Shenzhen Jingneng Leasing is a company established in the PRC with limited liability and a wholly-owned subsidiary of BEH. Shenzhen Jingneng Leasing primarily provides financial leasing services and commercial factoring business services in relation to financial leasing to the public and members of the BEH group.

LETTER FROM THE BOARD

BEH is a company established in the PRC with limited liability which principally engages in the businesses of generation and supplying of electricity and heat, production and sale of coal and development of real estate. It is a state-owned company in the PRC indirectly wholly owned by the State-owned Assets Supervision and Administration Commission of People's Government of Beijing Municipality. BEH is the controlling shareholder of the Company, indirectly holding approximately 32% of the issued share capital of the Company. Therefore, BEH is a connected person of the Company under the Listing Rules.

Listing Rules Implications

As Shenzhen Jingneng Leasing is a wholly-owned subsidiary of BEH, the controlling shareholder of the Company, Shenzhen Jingneng Leasing is a connected person of the Company. Accordingly, the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement) and the transactions contemplated thereunder constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules. As the highest applicable percentage ratio of the Supplemental Agreement and the transactions contemplated thereunder calculated in accordance with the Listing Rules exceeds 5%, the direct lease services constitute a continuing connected transaction of the Company which is subject to the reporting, announcement, Independent Shareholders' approval and annual review requirements under Chapter 14A of the Listing Rules.

In addition, as the highest applicable percentage ratio in respect of the transactions contemplated under the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement) calculated in accordance with the Listing Rules exceeds 25% but is less than 100%, such transactions, if carried out, constitute a major transaction of the Company which is subject to the reporting, announcement, circular and Shareholders' approval requirements under Chapter 14 of the Listing Rules.

References are made to the announcements of the Company dated 27 January 2022 and 25 February 2022 in relation to the appointments of Mr. Wang Heng (“**Mr. Wang**”) and Mr. Su Yongjian (“**Mr. Su**”) as executive Director and non-executive Director by the Board respectively.

All Shareholders who have a material interest in any of the transactions contemplated under the Finance Lease Business Framework Agreement and the Supplemental Agreement, together with their associates, will be required to abstain from voting on the relevant resolution(s) to be proposed at the SGM. As at the Latest Practicable Date, BEH is a controlling shareholder of the Company, holding 7,176,943,498 Shares, representing approximately 32% of the issued share capital of the Company. Therefore, BEH is a connected person of the Company under the Listing Rules. As Shenzhen Jingneng Leasing is a wholly-owned subsidiary of BEH, Shenzhen Jingneng Leasing is also a connected person of the Company. As a result, each of BEH, Shenzhen Jingneng Leasing and their respective close associates (together holding 7,176,943,498 Shares, representing approximately 32% of the issued share capital of the Company) are required to abstain from voting on the relevant resolution(s) to be proposed at the SGM.

6. VOTING BY WAY OF POLL

According to Rule 13.39(4) of the Listing Rules, any vote of shareholders at a general meeting must be taken by poll except where the chairman, in good faith, decides to allow a resolution which relates purely to a procedural or administrative matter to be voted on by a show of hands. Therefore, all the resolutions put to the vote at the SGM will be taken by way of poll and the Company will announce the results of the poll in the manner prescribed under Rule 13.39(5) of the Listing Rules.

7. RECOMMENDATION

The Independent Board Committee after considering the advice from the Independent Financial Adviser, is of the view that the Supplemental Agreement and Proposed Revised Cap have been negotiated on arm's length basis and (i) is entered into in the ordinary and usual course of business of the Group; (ii) on normal commercial terms or better; and (iii) on terms that are fair and reasonable and in the interests of the Company and Shareholders as a whole. The Board shared the same view of the Independent Board Committee. Therefore, the Board recommends the Independent Shareholders to vote in favour of the ordinary resolution in respect of the Supplemental Agreement and Proposed Revised Cap at the SGM.

LETTER FROM THE BOARD

In addition, the Directors consider that all other ordinary resolutions proposed for consideration and approval by the Shareholders, including the adoption of the Share Option Scheme and the re-election of the retiring Directors are in the best interests of the Company and its Shareholders as a whole and so recommend the Shareholders to vote in favour of all other ordinary resolutions at the SGM.

CONTINUING CONNECTED TRANSACTION AND MAJOR TRANSACTION

INTRODUCTION

Terms used in this letter shall have the same meanings as defined in the Circular unless the context requires otherwise.

The Company and Shenzhen Jingneng Leasing entered into the Finance Lease Business Framework Agreement in 2020, pursuant to which Shenzhen Jingneng Leasing and/or its associates has agreed to provide direct leasing services to the Group for the three years ending 31 December 2022, subject to the terms and conditions provided therein.

In light of the business needs of the Company, the Company entered into the Supplemental Agreement with Shenzhen Jingneng Leasing on 9 March 2022 to adjust the annual cap of the transactions contemplated under the Finance Lease Business Framework Agreement for the year ending 31 December 2022.

With reference to the Board Letter, the Transaction constitutes a major and continuing connected transaction of the Company and is subject to the reporting, announcement, the Independent Shareholders’ approval and annual review requirement under the Listing Rules.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

The Independent Board Committee comprising Ms. Jin Xinbin, Ms. Li Hongwei and Mr. Zhu Jianbiao (all being independent non-executive Directors) has been established to advise the Independent Shareholders on (i) whether the terms of the Transaction are on normal commercial terms and are fair and reasonable; (ii) whether the Transaction is in the interests of the Company and the Shareholders as a whole and is conducted in the ordinary and usual course of business of the Group; and (iii) how the Independent Shareholders should vote in respect of the resolution(s) to approve the Transaction at the SGM. We, Gram Capital Limited, have been appointed as the Independent Financial Adviser to advise the Independent Board Committee and the Independent Shareholders in this respect.

INDEPENDENCE

During the past two years immediately preceding the Latest Practicable Date, Gram Capital was engaged as the independent financial adviser in relation to (i)(a) discloseable and continuing connected transactions (i.e. the Finance Lease Business Framework Agreement); and (b) discloseable and connected transactions (details of which were set out in the Company's circular dated 28 August 2020); (ii) major and continuing connected transactions (details of which were set out in the Company's circular dated 8 January 2021); (iii) discloseable and continuing connected transactions (details of which were set out in the Company's circular dated 2 October 2021); and (iv) a continuing connected transaction and connected transaction pursuant to Rule 14A.52 of the Listing Rules (details of which were set out in the Company's announcement dated 10 May 2022). Save for the aforesaid engagements, there was no other service provided by Gram Capital to the Company relating to any transaction of the Company with executed agreement during the past two years immediately preceding the Latest Practicable Date.

Notwithstanding the aforesaid engagements, we were not aware of any relationships or interests between Gram Capital and the Company, or any other parties during the past two years immediately preceding the Latest Practicable Date that could be reasonably regarded as hindrance to Gram Capital's independence to act as the Independent Financial Adviser.

Having considered the above and that (i) none of the circumstances as set out under the Rule 13.84 of the Listing Rules existed as at the Latest Practicable Date; and (ii) the aforesaid past engagements were only independent financial adviser engagements and will not affect our independence to act as the Independent Financial Adviser, we are of the view that we are independent to act as the Independent Financial Adviser.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

PRINCIPAL FACTORS AND REASONS CONSIDERED

In arriving at our opinion in respect of the Transaction, we have taken into consideration the following principal factors and reasons:

Information on the Company

With reference to the Board Letter, the Company is a company incorporated in Bermuda with limited liability and is an investment holding company operating its business through its subsidiaries. The Group is principally engaged in the development, investment, operation and management of power plants and other renewable energy projects.

Information on Shenzhen Jingneng Leasing

Shenzhen Jingneng Leasing is a company established in the PRC with limited liability and a wholly-owned subsidiary of BEH. Shenzhen Jingneng Leasing primarily provides financial leasing services and commercial factoring business services in relation to financial leasing to the public and members of the BEH group.

Reasons for and benefits of the Transaction

As advised by the Directors, the Company intends to minimize incurring substantial amount of capital expenditure in purchasing large amount of power generation equipment in the construction of new energy power plants. The finance lease under the Finance Lease Business Framework Agreement would enable the Company to control financing risk and financing cost in its course of investing in new renewable energy projects and satisfy the Company's demand of funds for purchasing power generation equipment in the early phase construction of the project in a timely manner.

The Directors further advised us that the power generation business is capital intensive in nature. The Group has been exploring various financing channels to enhance its financing capability and reduce its finance cost. The Transaction would enable the Group to avoid the significant initial cash outflow for new power construction projects and thereby reduce the external financing stress of the Group.

Pursuant to the Finance Lease Business Framework Agreement, Shenzhen Jingneng Leasing and/or its associates shall provide finance leasing services to the Group on normal commercial terms and with interest rate not higher than market price of the same type of finance leasing assets.

With reference to the Board Letter, the proposed revision of the annual cap and the entering into the Supplemental Agreement will facilitate the Group's growing capital needs in associate with the development of the Group. The entering into the Supplemental Agreement will continue to enable the Company to control financing risk and financing cost in its course of investing in new projects and satisfy the Company's demand of funds for purchasing power generation equipment in the early phase construction of the project in a timely manner.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Having considered the above reasons, we concur with the Directors that the Transaction is in the interests of the Company and the Shareholders as a whole and the transactions contemplated under the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement) are conducted in the ordinary and usual course of business of the Group.

Principal terms of the Transaction

Set out below are the key terms of the Transaction, details of which are set out under the section headed “THE SUPPLEMENTAL AGREEMENT” of the Board Letter.

Date of Supplemental Agreement:	9 March 2022
Parties:	The Company; and Shenzhen Jingneng Leasing
Revised annual cap:	Pursuant to the Supplemental Agreement, the annual cap for the transactions contemplated under the Finance Lease Business Framework Agreement for the year ending 31 December 2022 will be increased to RMB3,000 million.

The Supplemental Agreement shall become effective upon being approved at the general meeting of the Company, and will expire on 31 December 2022.

Save for the above amendments, all other terms and conditions of the Finance Lease Business Framework Agreement remain unchanged.

Pursuant to the Finance Lease Business Framework Agreement, Shenzhen Jingneng Leasing and/or its associates has agreed to provide finance leasing services to the Group on normal commercial terms and with interest rate not higher than market price of the same type of finance leasing assets.

We understood that the Company adopted internal approval and monitoring procedures (the “**Internal Procedures**”) relating to the transactions under the Finance Lease Business Framework Agreement to safeguard the interests of the Shareholders as a whole, including the minority Shareholders. Details of the procedures are set out under the section headed “INTERNAL CONTROL MEASURES” in the Board Letter. Having considered that, among other things, before entering into any new finance lease arrangement with Shenzhen Jingneng Leasing, there will be price quotation procedures and price comparison procedures, we consider that the effective implementation of the Internal Procedures would help to ensure fair pricing of the direct lease transactions contemplated under the Finance Lease Business Framework Agreement according to the pricing policies.

To assess the effectiveness of the Internal Procedures, we obtained two individual finance lease (direct lease) contracts entered into between the Group and members of BEH (the “**Individual Contracts**”) in 2021 with quotations from two independent third parties corresponding to each contract. As confirmed by the Directors, the aforesaid individual finance lease (direct lease) contracts are the only two contracts entered into between the Group and members of BEH pursuant to

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

the Finance Lease Business Framework Agreement immediately prior to the date of the Supplemental Agreement. According to the aforesaid documents, the cost of finance lease offered by members of BEH were lower than those offered by independent third parties. Having considered our findings on the costs of the Individual Contracts, we do not doubt the effectiveness of the Internal Procedures.

In addition, we also noted from the Internal Procedures that the Finance Department will monitor the direct leasing transactions under the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement) on a regular basis. In particular, the Finance Department will be in close contact with the Group’s business teams responsible for direct leasing so that the Finance Department will be able to reasonably anticipate the expected transaction amount in advance. With the benefit of time and communication, the Finance Department will monitor and assess whether the annual cap is expected to be exceeded based on proposed transactions to be entered into, and where necessary, elevate such issue to the Board with proposed revised annual cap and such other relevant information so that the Board will be in a position to consider and, where applicable, comply with applicable Listing Rules in connection with such revised annual caps.

Revised annual cap

The table below set out are (i) the historical amounts of the transactions contemplated under the Finance Lease Business Framework Agreement for the two years ended 31 December 2021 and the two months ended 28 February 2022 with the existing annual caps (the “**Existing Cap(s)**”); and (ii) revised annual cap for the year ending 31 December 2022 (the “**Revised Cap**”):

	For the year ended 31 December 2020 RMB'million	For the year ended 31 December 2021 RMB'million	For the year ending 31 December 2022 ("FY2022") RMB'million
Historical transaction amount	Nil	62	20 <i>(Note)</i>
Existing Caps	500	500	500
			For the year ending 31 December 2022 RMB'million
The Revised Cap			3,000

Note: the figure is for the two months ended 28 February 2022 and is not audited.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

With reference to the Board Letter, the Revised Cap was determined after taking into account of various factors, details of which were set out under the section headed “BASIS FOR THE PROPOSED REVISED CAP AND REASONS FOR AND BENEFITS OF ENTERING INTO THE SUPPLEMENTAL AGREEMENT” in the Board Letter.

As the Revised Cap represented a significant increase as compared to the Existing Cap for the year ending 31 December 2022, we conducted the following analyses to assess the fairness and reasonableness of the Revised Cap:

- As mentioned above, power generation business is capital intensive in nature. It is anticipated that assets, which would be subject to finance leases contemplated under the Finance Lease Business Framework Agreement, include power generation equipment for renewable energy.

Upon our request, we obtained a list from the Company, showing all direct lease arrangement entered into between the Group and direct lease services providers (including connected persons and independent third parties) in 2021 (the “**2021 Direct Lease List**”). According to the 2021 Direct Lease List, there were nine power generation projects with total principal amount in respect of direct lease arrangement of approximately RMB4,420 million.

- The Company expects that in 2022 there will be around 28 power generation projects in construction (most of which are photovoltaic power generation projects) involving direct lease arrangements with a total installed capacity of approximately 2,018MW. Upon our further request, the Directors provided us a projects list (the “**2022 Project List**”) showing all renewable energy projects in 2022, of which 19 projects with total installed capacity of approximately 1,400MW were approved or filed. We also noted that 11 out of 19 projects with total installed capacity of approximately 765MW have already started construction.
- As stated in the Board Letter, historically, the financing requirements of the Group for power generation projects in relation to direct leasing arrangements entered in 2021 (the “**Average Amount**”) amounted to approximately RMB2.8 million per MW. For our due diligence purpose, we calculated the Average Amount based on the installed capacity and direct lease amounts for all direct leasing arrangement entered in 2021 with all direct lease services providers (including members of BEH and independent third parties) as shown in the 2021 Direct Lease List and acknowledged the Average Amount of approximately RMB2.8 million per MW.

In addition, we also noted that the financing requirements of the Group for photovoltaic power generation projects in relation to direct leasing arrangement of the Individual Contracts were approximately RMB3.3 million per MW.

Furthermore, we noted from the 2021 Direct Lease List and the 2022 Project List that (i) all power generation projects as shown in 2021 Direct Lease List were photovoltaic power generation projects; and (ii) 25 out of 28 power generation projects as shown in the 2022 Project List were photovoltaic power generation projects.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Therefore, we consider it is reasonable to estimate the total financing requirements of the Group for power generation projects in relation to direct leasing arrangement in 2022 based on the Average Amount of approximately RMB2.8 million per MW to be justifiable.

- Based on (i) the estimated installed capacity of the renewable energy projects in 2022 (i.e. approximately 2,018MW); and (ii) the Average Amount of approximately RMB2.8 million per MW, the estimated principal amount for FY2022 is approximately RMB5,650 million (calculated by (i) x (ii)).

The estimated principal amount for FY2022 is substantially higher than the estimated demands of direct lease arrangement services from members of BEH for the year ending 31 December 2022, which indicates the Group's possible demand of direct lease arrangement services from members of BEH and independent third parties (as mentioned in the Board Letter, as for the remaining requirements for direct leasing in 2022, the Company will enter into direct leasing arrangement with independent third parties in order to maintain a diversified channel of service providers in respect of direct leasing).

Having also considered that pricing policy of the Finance Lease Business Framework Agreement and our findings in respect of the Individual Contracts and relevant quotations (i.e. cost of finance lease offered by members of BEH were lower than those offered by independent third parties), we concur with the Directors that it is justifiable for the Group to enter into more direct lease arrangement with Shenzhen Jingneng Leasing (or its associates).

- As stated in the Board Letter, Shenzhen Jingneng Leasing has proposed to the Company the maximum transaction amounts under the Finance Lease Business Framework Agreement of RMB3,000 million for the year ending 31 December 2022, which taking into account, to the best knowledge of the Directors, Shenzhen Jingneng Leasing's yearly business plan. For our due diligence purpose, we discussed with a staff of Shenzhen Jingneng Leasing and acknowledged the maximum transaction amounts proposed by Shenzhen Jingneng Leasing for FY2022 (i.e. RMB3,000 million).

Accordingly, we consider the estimated principal amount (with members of BEH) for FY2022 to be justifiable.

Based on the above factors and that (i) the Revised Cap was calculated with reference to the lease consideration (which includes charges being the principal amount, lease interests and handling fees); (ii) the annual lease interests and handling fees represented an immaterial proportion to the principal amount; and (iii) as confirmed by the Directors, should there be any substantial increase in the demand of direct lease services by the Group, the Group may opt to enter into more direct lease arrangement with independent third parties or re-comply with the applicable provisions of the Listing Rules governing continuing connected transaction to revise the Revised Cap, we consider the Revised Cap for the year ending 31 December 2022 to be fair and reasonable.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Shareholders should note that as the Revised Cap is relating to future events and were estimated based on assumptions which may or may not remain valid for the entire period up to 31 December 2022, and it does not represent forecasts of revenue/cost to be recorded from the transactions contemplated under the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement). Consequently, we express no opinion as to how closely the actual revenue/cost to be incurred under the transactions contemplated under the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement) will correspond with the Revised Cap.

Listing Rules implication

The Directors confirmed that the Company shall comply with the requirements of Rules 14A.53 to 14A.59 of the Listing Rules pursuant to which (i) the values of transactions contemplated under the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement) must be restricted by the Revised Cap for the period concerned under the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement); (ii) the terms of the transactions contemplated under the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement) must be reviewed by the independent non-executive Directors annually; (iii) details of independent non-executive Directors' annual review on the terms of the transactions contemplated under the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement) must be included in the Company's subsequent published annual reports.

Furthermore, it is also required by the Listing Rules that the auditors of the Company must provide a letter to the Board confirming, among other things, whether anything has come to their attention that causes them to believe that the transactions contemplated under the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement) (i) have not been approved by the Board; (ii) were not entered into, in all material respects, in accordance with the relevant agreement governing the transactions; and (iii) have exceeded the Revised Cap.

In the event that the total amounts of the transactions contemplated under the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement) are anticipated to exceed the Revised Cap, or that there is any proposed material amendment to the terms of the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement), as confirmed by the Directors, the Company shall comply with the applicable provisions of the Listing Rules governing continuing connected transaction.

Given the above stipulated requirements for continuing connected transactions pursuant to the Listing Rules, we are of the view that there are adequate measures in place to monitor the transactions contemplated under the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement) and thus the interest of the Independent Shareholders would be safeguarded.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

RECOMMENDATION

Having taken into consideration the factors and reasons as stated above, we are of the opinion that (i) the terms of the Transaction (including the Revised Cap) are on normal commercial terms and are fair and reasonable; and (ii) the Transaction (including the Revised Cap) is in the interests of the Company and the Shareholders as a whole and the transactions contemplated under the Finance Lease Business Framework Agreement (as supplemented by the Supplemental Agreement) are conducted in the ordinary and usual course of business of the Group. Accordingly, we recommend the Independent Board Committee to advise the Independent Shareholders to vote in favour of the resolution(s) to be proposed at the SGM to approve the Transaction (including the Revised Cap) and we recommend the Independent Shareholders to vote in favour of the resolution(s) in this regard.

Yours faithfully,
For and on behalf of
Gram Capital Limited
Graham Lam
Managing Director
