3. RULE 13.09 OF THE LISTING RULES REGARDING THE INTERIM RESULTS FOR THE SIX MONTHS ENDING 30 JUNE 2013

As a result of the Acquisition, the Board estimated that the Group may record a significant loss for the six months ending 30 June 2013 as compared to the loss for the six months ended 30 June 2012 mainly due to a possible immediate impairment of goodwill.

Goodwill mainly represents the differences between the fair value of the total consideration transferred and the fair value of the net identifiable assets acquired of the Target Group at the Completion Date. Since the fair value of the total consideration transferred at the Completion Date may be significantly higher than the agreed total consideration of HK\$2.1 billion, the carrying value of the related goodwill recognised may not be supportable by the recoverable amount of the underlying business. There may be a possible immediate impairment of goodwill arising from this Acquisition.

As the Company is still in the process of finalising its interim results for the six months ending 30 June 2013, the information contained in this announcement is a preliminary assessment by the management of the Company. Details of the Group's interim results will be disclosed in the unaudited interim results announcement of the Company for the six months ending 30 June 2013, which is expected to be released by the end of August 2013.
